

AGENDA
SOLID WASTE COMMITTEE

FRIDAY OCTOBER 21, 10 AM

Meeting convenes at 10 am

Accept minutes of last meeting.

Maureen Prohl will share the results of choosing members for the trial compost program. Congratulations for getting 30+ applications!! Maureen will also share the next steps of the program.

Joy Kubit will share several options that can involve plastic recycling with local restaurants and individuals. (note: We heard about the styrofoam recycling program last week which can be considered as possibility in 2023 but not now.). What recycling option do we want to choose?

Education: the next focus after compost and plastic. Classes for home composting? Better signs at the transfer station? Rework the town website on recycling ?

choose date for next meeting. Thursday November 3?
