 - Park Naming: Pleasant Park?
- VI. Walkable New London Initiative
 - Community Outreach and Communications Plan
 - Elements of Fundraising Campaign
 - Committee Potential Contributor/Volunteer List
- VII. Pocket Park Cost Projections - Design, Construction and Annual Maintenance
- VIII. DPW Report
 - The pocket park design designating pavers for a portion of the Main Street sidewalk immediately fronting the park is not problematic for DPW in regards to installation and maintenance. Sam Clarke requested that the timing of this project be closely coordinated with DPW.
 - The next side walk repair phase encompasses the Main Street section from Newport Road to the exit of the SAU school driveway.
 - DPW's goal is to complete this work as early in the season as possible so residents and visitors can enjoy the improvements sooner.
 - If time and budget allow, DPW may be able to complete additional sidewalk footage or smaller repairs in other areas of town, such as Pleasant Street or the Elkins area near the beach.
- IX. Multi-Purpose Trails Update
- X. Public Comment
- XI. Adjournment
