Members Absent:

Rob Prohl, Jim Dexter and Dave Hollinger

Others present:

Robert C. Stewart, RCS Designs

Topics:

The meeting was called to order at 11:30 AM.

A special meeting of the New London Conservation Commission was called to discuss an expedited Wetlands Permit Application for a shoreline stabilization project at the Wutz family property located at 153 Owls Nest Road.

Robert Stewart, representing the landowner, gave an overview of the project, which encompassed stabilizing the shoreline along a pathway that leads to an existing boat house. Work would include the temporary removal of rocks and gravel, and then rebuilding the area using the existing materials. Any heavy equipment needed for the project would be positioned on land.

NLCC members asked Mr. Stewart about the details of the project and all questions were answered to their satisfaction. Mike Gelcius made a motion to approve and sign off on the request for an expedited permit. Mark Vernon seconded the motion. The motion was passed unanimously.

Following this topic, a brief discussion was held on the topic of monitoring and maintenance of septic systems.

Mike Gelcius made a motion to adjourn the meeting. Mark Vernon seconded the motion and the motion was passed unanimously. The meeting closed at 12:02 PM.

Respectfully submitted
Michael Gelcius
Vice Chair - NLCC
