1. **Call to Order** - Note the order of the agenda may change per the Chair

The Committee discussed the structure of the Master Plan Implementation process. The group agreed that they needed to continue to meet regularly to work on implementing recommendations of the Master Plan, and agreed on a monthly meeting schedule, targeting the 3rd Thursday of the Month.

The committee discussed that first task to pursue and decided that since many of the tasks relied on the data from a corridor study, that this should be the first task. The committee decided to begin drafting a Request for Proposals for a corridor study of Main Street and Newport Road. For the next meeting, folks should think about areas of particular concern that they would like the RFP to cover.

2. **Future Meeting Dates:** June 17th, 2021.
