Reminders as we enter the Thanksgiving and Holiday Season.

Please exercise the utmost care to prevent Covid 19 infection. In the recent past, many cases of community transmission in the state have occurred during small gatherings of people for weddings, parties, birthdays and other celebrations.

Thanksgiving is a time of family gatherings and merriment. During a pandemic, it can also become a time of community infection, particularly for the elderly and those with chronic health conditions, persons under-going chemotherapy, and others. Social distancing and wearing masks should be part of a family protocol if groups from different parts of the country are gathered together.

The basic rules regarding quarantine include that NH residents or out-of-state visitors traveling to/from outside of New England (Vermont, Maine, Massachusetts, Connecticut, or Rhode Island), need to self-quarantine for the first 14 days of any intended stay in NH after travel (starting from the last day of their travel outside New England). This recommendation is irrespective of the mode of transportation for travel (public vs. private transportation).

It is also acceptable for travelers to New Hampshire to self-quarantine in their home state prior to arrival as long as they do not travel on public transportation.

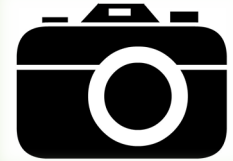

For an in-depth informative document regarding travel during the Covid-19 pandemic, please visit <https://www.dhhs.nh.gov/dphs/cdcs/covid19/documents/employee-travel-guidance.pdf>
