

In the fall of 2022, the Town of New London revised the swim line permit for Elkins and changed the swim line location, moving it approximately 25-30 feet towards the Post Office and bath house. This change resulted in significantly decreasing the footprint of the swimming area, which serves all town residents, while at the same time increasing the area of the mooring field. In July of 2024, the swim line was pulled in again, further reducing the swim area and increasing the mooring area.

The New London residents signing below, request that the Board of Selectmen return the swim line to its last permitted location.
