**Subject:** Recommendation for Architectural Services – Public Works Complex

Following the Town's request for qualifications and interview process, we met with two firms: Lavallee Brensinger Architects and Wiemann Lamphere Architects.

After careful review, we are recommending that the Town proceed with Wiemann Lamphere Architects for the Public Works Complex project.

Wiemann Lamphere demonstrated a creative and thoughtful design perspective, bringing a fresh view of New London's needs. Their responses during the interview were thorough, detailed, and showed a deep understanding of the operational and functional challenges we face. We believe their approach and communication style align well with the Town's goals for a responsible, efficient, and future-focused facility.

We respectfully request the Board's approval to enter a contract with Wiemann Lamphere Architects.

Sincerely,

**Sam Clarke**

Public Works Director
