

Proposed Amendment, by Petition, to the New London Zoning Ordinance  
For the 2023 New London Town Warrant

The undersigned petitioners propose to amend the New London Zoning Ordinance, Article V - Residential Districts, Section A - Uses Permitted, to add the following additional permitted use;

"10. Conservation areas and nature and hiking trails."

This proposed amendment seeks to legalize the many trails and conservation areas that have existed, in part or whole, on privately owned, residential properties for many years. Many of these properties are undeveloped tracts of forest and fields. Because the New London Zoning Ordinance is constructed as a permissive Zoning Ordinance, if a Use is not specifically identified as a permitted Use or a Use permitted by Special Exception in a Zone District, then the Use is not permitted in that Zone District.
